The Evolution of Parenting Education

One thing we know about life on this beautiful planet is that from the smallest virus to the smartest human, no matter where you fit on the food chain, if your species has survived then you are adaptable. Lately I have been extraordinarily impressed with the ability of parent educators to respond to our changing world by evolving from live classes to virtual ones with the grace of a caterpillar discovering it now has wings.

When the COVID-19 lockdown hit and our leaders needed safe ways to continue teaching Active Parenting courses, we offered a Virtual Rights Program that enables leaders to teach courses over the internet at no additional cost to their organization using the platform of their choice such as Zoom, WebX, and others. It may be one of the silver linings of our unique times. We are learning how to reach parents where they live with the benefits of high quality, leader-facilitated parenting courses on platforms that encourage media sharing and face-to-face online interaction.

This bodes well for all of us. Even after the virus is no longer a problem we will still have this new way to reach parents who may not be able to attend live classes. I do not foresee virtual courses ever replacing live courses altogether, but I do see them continuing as an effective alternative.

Not only have our virtual courses flourished, springing up like wildflowers in communities all over the world, but we also recently completed our first virtual Training of Trainers (TOT) from Active Parenting’s home office in Atlanta to leaders … virtually … everywhere. Manager of Training Micole Mason led a staff of experienced trainers: Steven Hargrave, Nebra Brock, and yours truly. I can’t speak for myself, but the others were clearly fantastic. In fact the TOT was so successful (and sold out so fast) that we are offering a second one October 27-29, 2020.

Thank you for your good work. Stay safe. Keep evolving.

FFY catches parents when they need you the most—from birth to age 5. With this program, you will demonstrate how to nurture young children with a “just right” combination of freedom and nonviolent discipline. The course covers important topics including discipline, temperament, mindfulness, brain development, self-calming, special needs, and school readiness. See our website for complete details about this innovative new program.

CO-PARENTING

A 4- to 6-hour seminar to help separating parents

Crossroads is a five-step seminar designed to prevent divorce abuse—a specific type of emotional abuse that divorcing parents cause when, in their anger and bitterness, they lose sight of their child’s needs.

This video-based seminar will help parents become aware of how their actions may inadvertently harm their children, show how to establish positive post-divorce co-parenting relationships, and provide them with the skills they need to stay child-focused while minimizing poor choices amidst conflict and loss. Crossroads is derived from the evidence-based Cooperative Parenting and Divorce program (opposite page) and shares scenes from the same video.

How the seminar works
This seminar combines video, activities, skill development, and discussion. It is designed for one session lasting 4 hours, and can be used with large or small groups. Optional activities extend the program to 6 hours. Certificates can be ordered for all attendees.

Raising children of joy, character, and a living faith

Christian Active Parenting (CAP) combines the wisdom of the Bible with our evidence-based approach to give parents the strength and skills they need. Use CAP to guide anxious parents, to bring families closer to God, and to build a more vibrant faith community.

Based on Active Parenting 4th Ed. (p. 10), CAP uses scripture to explore the essential Active Parenting model: encouragement, communication, and non-violent discipline. With this edition, we’ve added topics that worry today’s parents most, including bullying, the role of Christianity in their children’s lives, and drug prevention.

It takes about 11-30 hours to complete this segment, including reading assignments.
